JENNIE'S CORNER:

Welcome to Fall!

National Fire Prevention Week is Oct. 9th- 13th. This year's theme is...

Here are some tips to help ensure a fire free environment:

- Establish an escape plan with the children that includes two ways to get out of each room and a designated special place to come back together outside the home. Practice at least twice a year, I recommend it around Daylight savings time.
- Matches and lighters should be kept in a locked cabinet.
- At school we practice by staging monthly fire drills.

I have invited the firefighters and their trucks from Brevard County to speak with the children about Fire Safety. Of course, we know that the highlight of the day will be the "Fire trucks!"

Parents:

Special thanks for your contributions and efforts in the way of Scholastic book orders, DSP photo orders and all you do for the school and students.
